To all Licensees with Alcoholic Licenses:

Executive Secretary:
Jean Lorizio

It has come to the Board's attention that Budweiser, and other beer manufacturers/distributors, are providing so-called "beer towers," "beer taps" or "Godzillas" which are transportable and temporary taps of beer. If you are using such a device, you are hereby informed you must stop using it immediately. To use these devices you must submit a request to this Board, and after a hearing, the Board will decide, on a case by case basis, whether to allow the use. Please be advised the Board is taking this stance based on its concerns with serving the public need and at the same time protecting the common good and safety of all. In that same vein, prior to the installment of any permanent self-service beer tap system, you must obtain approval from this Board to amend the liquor license.

In the event you have any questions, please do not hesitate to contact this office.
Thank you for your cooperation in this regard.

Very truly yours,

Nicole Murati Ferrer
